HISTORY

Illinois Institute of Technology, also known as Illinois Tech or IIT, is a private, non-profit, Ph.D. granting, research university. IIT was established in 1940 with the merger of Armour Institute of Technology (1890) and Lewis Institute (1896). The Institute of Design merged with IIT in 1949. Chicago-Kent College of Law (1887) became an integral part of the university in 1969. The Stuart School of Business was established in 1969 and Midwest College of Engineering (1967) joined the university in 1986.

ACCREDITATION

IIT is fully accredited by the North Central Association of Colleges and Secondary Schools and the Illinois Board of Higher Education (IBHE). Specific professional curricula are accredited by the Accreditation Board for Engineering and Technology (ABET), the American Bar Association (ABA), the Association of American Law Schools (AALS), the American Psychological Association (APA), the Council of Rehabilitation Education (CORE), the Association to Advance Collegiate Schools of Business (AACSB), the National Architectural Accrediting Board (NAAB), and the National Council of Architectural Registration Boards (NCARB). IIT is also a member of the Association of Independent Technological Universities (AITU). IIT is accredited as an Authorized Provider by the International Association for Continuing Education and Training (IACET) and offers Continuing Education Units (CEU) for its programs that qualify under the ANSI/IACET Standard. For additional information on all IIT accrediting bodies, visit web.iit.edu/accreditation.

UNIT OF CREDIT

All courses are taught in English and academic credit is recorded as semester hours, as defined by the standard Carnegie Unit. Each semester hour represents one fifty-minute period per week for fifteen weeks of instruction and a sixteenth week of final examinations to complete the semester. Prior to Fall 2008, graduate programs in the Stuart School of Business were offered on the quarter system. One quarter hour represents one fifty-five minute period per week for an eleven week quarter. Non-degree continuing education programs, offered through the School of Applied Technology Office of Professional Development, award Continuing Education Units (CEU). All courses scheduled through the Office of Professional Development are offered only for CEU credit, using only the Pass/Fail grading basis. Standard letter grades do NOT apply to courses offered through the Office of Professional Development. IIT is a "non-ranking" institution.
